1 About us

We want to become the world's leading manufacturer in this premium segment of products and focus on education and the importance of quality printing. In everything that Fravero team does, the goal is to give meaning and purpose.

It all started with a vision... We wanted to produce high-quality products for our partner's photographers and give them the best experience in the process. Also, what is more important – we wanted to print and keep emotions.

Our goal is to educate photographers so that you can show your clients that no laptop or phone can give them the same sensation of a real deal – full printed album. And yes!

We want our covers to be smelled and touched, we want you to take some time and relive memories flipping through pages...

In 2010, we started with a few people, and today we have a team of exceptional professionals who enjoy creating photo albums, books, boxes... designers, marketing and sales management who carefully cover each segment of the business. Our team is like a second family to us and all our products are handmade from top long-term bio-based materials. Every single detail of the final product literally passes through the hands of our experts.

We are team Fravero ProPhoto and we're more than happy to be a part of the most precious memories.

2 Our products

The pursuit of perfection necessarily implies the search for perfect photo printing products and coming up with innovative solutions to create all the necessary details.

The photo book and album can be quite special and personalized according to your wishes regardless of the occasion. We want our albums to be eternal, to transcend time and fashion, a small work of art that never ages just like the memories they capture. To ensure this we use archival quality inks and fine art papers.

There is no event or special occasion that does not deserve to be remembered, there is no reason why your photos could not be printed and bound in the way they deserve. Our product range is created to meet the demand of every photo market, from wedding to corporate photography, from portraits to artistic photography, fashion photography to baby and family shooting. We believe that every photo album should be unique - just like your clients are. An album is much more than its dimensions and covers, it is a collection of memories that you make beautiful with your personal touch and an eye for detail that reflect the owner in every way.

Felix Schoeller

Lustre/Matte

More than a genuine photo paper: an all-rounder. That's how you can describe E-PHOTO papers, which combine photo quality with practical functionality. They are water-repellent and whitebreak-free without additional lamination. This makes them ideal for photographic as well as commercial applications. E-photo papers are based on the structure of a real photo paper and are equipped with a special primer. This allows carefree printing on HP Indigo systems as well as on some of the latest dry toner systems. The special structure produces photo-quality prints that are water-repellent and free of whitebreaks without lamination.

9 Paper types

Fine Art

Fine Art EXTRAROUGH is a very open and tactile fine paper with excellent print performance on all print processes – litho, digital and HP Indigo – making it the perfect haptic solution. Developed by us papermaker Mohawk, Fine art EXTRAROUGH is the perfect combination of physical experience and touch and print excellence.

**Memories
well covered**

Keep your memories in
a box. But not just any
box...

We can customise them
as you like.

All boxes are handmade
so you can keep all
memories that you
printed safe in photo
albums. Add a new
value to your memories!

BOXES

27 Basic box

A classic among the boxes with an elegant and contemporary design. Our handmade boxes go together perfectly with photo albums. They can be minimalist - in a black or white box. Like all our products - there is a possibility of personalisation in colour, 3D or foil printing. We can also personalize the ribbon in the box, which makes it easier to take out the album and makes the whole design charming.

Custom box

29 Custom box

Need a special dimension? You've come to the right place! As each of our boxes is handmade, we can adjust the dimensions to your liking. Boxes made in the same material as photo albums look especially effective, but you can also play with the design and combine different colors and textures... we leave the design process to you! Insert your logo, names, initials.... Boxes can be made of all available materials – except artificial and genuine leather.

30 Wooden box

There's something special in custom-made wooden boxes... Like with any other, we can customize your wooden box in five formats and personalize it by adding logos, names, or symbols you like. Boxes can be made in bare wood or coated with any material to match the album.

31 Photobox

Photobox is an elegant way to store memories. Each box is handmade, and all you have to do is choose between two dimensions. We can also customize them to be lined with any selected material and add a USB holder. On request, boxes are available in other sizes.

32 Passepartout Box

Choose your passepartout and print out up to 10 photos. Also, you can choose your colours and give that special touch! For more than 10 photos, send us a request. Choose between 3 formats of photos: 10x15cm (box size 22×16 cm), 15x20cm (box size 32×24 cm), or 20x30cm (box size 43×33 cm). For the box, you can choose all materials except artificial and genuine leather. If you like passepartout look, choose a simple off white or in colour (pink, blue, green, burgundy, grey).

33 Passepartout Book

Keep it classy! Print your photos and give them a different finish look by adding passepartout. We guarantee you it won't go unnoticed. This is a vintage album - but with a modern touch. It is the perfect choice for smaller photo sessions or if you want to highlight a few special photos. It includes 10 photos and can be vertical or horizontal. The cover can be in any material or photo cover, and the passepartout in a simple off white or in colour (pink, blue, green, burgundy, grey).

34 Folios

Handmade folios are a stylish and practical way to enhance your work. The perfect blend of elegant design and archival protection and will make a great 'first impression'. Did you know that the word 'folio' comes from Latin and means a leaf? Choose two favourite photos in a passepartout and display it on a shelf at home. Also, it is an ideal gift for that special someone...

35 Accordion

Accordion-style books are printed and folded into an accordion-style pleat. Available in standard and custom sizes, you can create your own layout, print it on black or ivory paper, and choose for any purpose you like. They can be a perfect decoration at your home, on your shelf or you can choose them as an ideal gift. The standard size is 13×18 cm, for 8 or 12 photos. Their standard format is vertical, so you need to adjust the photos! Other formats are also available on request.

36 Guest book

Every moment counts. Save each of them! Now, you can order a guest book - no matter how many guests are at your wedding or special event. Design a guest book and impress visitors with a unique way to capture memories and comments. Our chic and timeless guest books will help you immortalize your and your guests' favourite memories. The book has black and ivory blank sheets on which guests can write a note, comment, or share a memory with the newlyweds.
